Local Farmers' Markets

Farmer's markets are the best place to access a wide variety of local foods. Nearly every community in northwest Illinois has one or more markets established. Because market days, times and locations often change within the year, instead of listing each individual market, we urge you to contact the University of Illinois Extension Office at (815) 235-4125.

This brochure is for informational purposes only. Inclusion in the brochure in no way implies affiliation with or endorsement by either the Northwest Illinois Audubon Society or the University of Illinois Extension.
