

FOR IMMEDIATE RELEASE:

August 20, 2009

‘Whooo’ Are These Owls?

Mark Spreyer, a Midwestern expert on owls, will present the program at the September meeting of the Northwest Illinois Audubon Society on Tuesday evening September 1 at Oakdale. This opportunity for a face-to-face visit with our hooting friends will be certain to amaze you and entertain your family. Join us.

Spreyer, Director of the Stillman Nature Center in Barrington, will tell us everything we ever wanted to know about owls. He will have several live birds to illustrate his talk about owl’s behavior, biology and beauty. The program will have special appeal to ‘children of all ages.’ Bring your family along.

Spreyer’s program will be held at the Oakdale Lodge at Oakdale Nature Preserve on Baileyville Road three miles south of Freeport. The program will run from 7:00 to 8:30 pm. There is no charge for this event sponsored by the Northwest Illinois Audubon Society.

Interested parties are also welcome to join Society members in a potluck which will precede the program at the lodge at 6 pm. To participate in the potluck, please bring a dish to pass and complete table service. Beverages will be provided.

For more information check the local Chapter’s website at nwilaudubon.org
